

RUNDLE SLATE

LUXURIOUS CURB APPEAL THAT WILL LAST A LIFETIME

With Euroshield®, each profile achieves an unprecedented level of durability. Masterfully engineered to withstand the harshest of environments giving you a sense of satisfaction in ownership of probably the most durable shingles ever created.

EUROSHIELD®

THE SMART CHOICE IN ROOFING

RUNDLE SLATE

Rundle Slate offers you the enhanced shadow effects and chiseled form of authentic quarried slate at a fraction of the cost. The thickness varies from edge to edge, defined by its natural cleft, offering both high and low points that scream real slate luxury which is virtually indistinguishable from real slate. Offering the premium performance of Euroshield® rubber roofing along with the old-world charm and upscale aesthetics of full thickness slate without the added weight or increased expense associated with real slate. Rundle slate is the ideal choice for homeowners seeking a distinct, well respected look that will be on display for a lifetime.

It comes in a convenient panel form magnificently displayed with a 10" exposure to-the-weather & 3/4" edge profile. Also featuring an interlocking panel system which allows for efficient installations, saving time and money as well as giving it superior wind performance. Offered in three expertly mixed color blends, Black, Brown, Grey and covered by a and covered by an industry-leading, Non pro- rated lifetime warranty, giving you worry free superior, lifetime performance at affordable pricing.

Please see our website for complete details.

Premium Rubber Roofing Since 1999

RUNDLE SLATE- BLACK

Rundle Slate in black offers a strikingly sleek contemporary look. Sophistication with the luxurious depth of the thick slate edges creates a dazzling effect on your roof.

Both inviting and eye catching, your home is sure to garner attention with a contemporary edginess.

RUNDLE SLATE- BROWN

Rundle Slate in brown generously displays its depth and dimension on your roof as sunlight crawls across it from every angle.

Offering a rich combination of natural tones, earthy texture and sculpted rustic edges that lends itself to any setting creating the perfect landscape for your home.

RUNDLE SLATE- GREY

Rundle Slate in grey is designed to be virtually indistinguishable from real slate and yet it has an even more refined appearance.

Classic, timeless, and multifaceted are the trademarks that this color imbues upon your home, enticing everyone with its presence.

PREMIUM PERFORMANCE
